What we do with Open Public Data
AGENDA

1  about ctdata
2  examples of our work
3  future data work
4  questions/comments
Mission

Striving for informed decision making across Connecticut, we empower an ecosystem of data users by democratizing access to data and building data literacy.
What we do

- make public data accessible
- liberate private and public data
- increase data literacy
nonprofit needs assessment for grants
Same measure but different sources?
Data in one place
liberating administrative data
CTDATA ACADEMY
increase data literacy

WORKSHOPS
- Data Basics
- Data In Depth
- Data Storytelling

CONVENINGS
- Data Meetups
- Conferences
- Open Data Call
future directions

- linking nonprofit data
- examining disparate sources over time
- 500 Cities Challenge
thank you!
